

A visual book library for the whole company

Made Crystal Clear publishes short, visual books on the tools our teams already use (Git, GitHub, Docker, Claude Code, Cursor, n8n, Make.com, Vercel, ElevenLabs, AI Agents and more). Each book explains one tool with a diagram per concept, hands on recipes, and a chapter on cost and business value. A book is read in an afternoon.

What we would buy

One yearly company licence. Everyone at the company downloads every book, PDF and EPUB, from one company link. No accounts, no logins, no seats to count. The library holds 30+ titles today and adds one new book every week, about 50 new titles over the year of the licence.

Why it is worth it

- **Onboarding:** new hires get the link before day one and arrive knowing the stack.
- **Currency:** a new title every week covers the next tool before we adopt it.
- **Cost:** the whole company for less than one seat on most course platforms, which are priced per person, per year.
- **Reporting:** a proper invoice and a library summary for the training and L&D review.

Tiers and prices (per year)

Tier	Company size	Price	Includes
Team	Up to 25 people	\$250	Every book, PDF and EPUB, unlimited downloads; one new book every week; one shared company link.
Company	26 to 200 people	\$500	Everything in Team; quarterly mail on what changed in our tools; our logo on the company page; Slack and email launch templates.
Enterprise	201 to 1,000 people	\$1,000	Everything in Company; one 60 minute online Q&A with the author per year; a named contact and a vote on upcoming titles.

More than 1,000 people or a group: from \$2,500 a year, half day workshop included. Licences are annual and can be cancelled at any time. Reading on the site stays free for individuals.

How to buy

Card payment is instant on madecrystalclear.dev/pricing. For an invoice or purchase order, send the tier and billing details to hello@madecrystalclear.dev; the invoice and the company link arrive within one business day.

Recommendation

Approve the _____ tier (\$_____ per year) from the training budget. Owner: _____. Start date: _____.

Made Crystal Clear is written and published by Christophe Paka. Books are independent of the vendors they describe.
